

Overshadowed is embarking on a new fundraising campaign! We are raffling off a 1970 Chevrolet El Camino! In order for participants to know the odds of winning this car we are limiting the number of tickets sold to 1000. Tickets are \$50 each and the raffle will continue until 1000 tickets are sold or 1 year. If the 1 year mark is reached without selling 1000 tickets the raffle will end and either of the 2 things will happen;

1. If the minimum required amount is raised the car will be awarded to the winner.
2. If the minimum required amount is not raised, the car will not be awarded and all money paid will go into a 50/50 raffle.

1970 Chevy El Camino Classic SS Clone Vehicle VIN# 136800L163339
